

SHALL WE DISPUTE

The Opinions of Scores of Our Fellow Citizens.

Residents of Owosso, like other American citizens, if making an investment want to be sure of getting the worth of their money. They want to know all the ways and whereof, and in a direct ratio to the value of the investment they barrow and ferret until satisfied with the collateral. Take an instance in the realm of proprietary articles. If we know of a friend who has been cured we have some faith in the preparation; if we know of two or three our faith increases. If the cures reach scores, all well known citizens, anyone who still maintains that there is nothing beyond ordinary merit in the said preparation can safely be left to the care of his fellow taxpayers. If he wishes to pick a quarrel with them on the question of their judgment and veracity he has ample opportunity in Owosso to do so. Begin with this case:

Mrs. J. M. Purdy, of 305 North Shawansee street, says: "For a number of years I suffered from rheumatic pains through my limbs and in my muscles and from severe soreness and lameness in my back just over the kidneys. My limbs became numb, ached, and were much swollen. Some friends advised me to get Doan's Kidney Pills at Johnson & Henderson's drug store and give them a trial. I did so and after using them faithfully a short time I was relieved and continued the treatment until the trouble was entirely removed."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y. Sole agents for the United States. Remember the name Doan's and take no substitute.

DEMOCRATS TARDY.

Candidates Have Not Developed Freely for the Offices at Lansing.

JUSTIN R. WHITING TALKED ABOUT

For the Race for Governor, but is Said to Prefer a Race for Congress—Three Tugs Fast in the Ice Off Grand Haven and Their Crews in Danger—A Legislative Race Story Told at Detroit Makes Much Talk in Political Circles.

Detroit, Jan. 10.—With reference to Democratic state politics The Journal says: "With six candidates a-field after the Republican nomination for governor, there seems to be no rush for the Democratic nomination for the same office, in spite of the political capital which leaders of that party claim to discern in the perspective as a result of the state scandals. While pressure will be brought to bear on Justin R. Whiting to induce him to again head the Democratic state ticket, it is certain that Mr. Whiting is at the present date not inclined to accept a renomination as governor. If he ever does run again for the office, he would prefer that it would be an off year, rather than in a presidential year.

Whiting Prefers a Fight for Congress. "Just now Mr. Whiting is supposed to be figuring on contesting the election for congress with Mr. Weeks in the old district which he represented for eight years at Washington and any pressure which may have as its object his acceptance of a place on the state ticket will, if successful, probably have to be reinforced with a strong showing on the influence which the scandals are likely to exert on Democratic prospects. State Senator J. W. Helme, of Adrian, has been mentioned as an eligible candidate. In the event that Mr. Whiting should decline executive honors, Mr. Helme seems to prefer a renomination for the legislature to running either for governor or for congress.

Judge Person a Possibility. "Judge R. H. Person, of Lansing, with the prestige of the grand jury's achievements fresh upon him, is also urged as a possibility. However, there are some who regard Mr. Person's availability for the congressional nomination in the Sixth district as greater than his availability for the governorship. As to the other places on the state ticket there seems, even in the inner circles of Democratic counselors, to be as yet no information connecting aspiring members of the party with an intention to ask a nomination; whereas in the Republican party there are already a number of booms for minor offices which have at its early date taken definite and promising form."

BEER FOR THE LEGISLATORS.

One of the Methods of the Late Michigan Special Session.

Detroit, Mich., Jan. 10.—Lou J. Burch, representative in the legislature, and known as the special champion of the liquor interest, got a threatening letter from Chicago some time ago, demanding that he pay \$300 for certain letters in possession of "Adam Goodgraft, care Brady & O'Donel, room 508, 184 LaSalle street, Chicago," or, failing to do so, the letters would be published. Burch wrote back a deft and "Adam Goodgraft" made good his threat.

The News Monday printed four or five columns of matter alleging the efforts of Burch to secure liquor for the legislators, and a broadside of facsimiles of letters to brewers ordering beer by barrels and cases to be sent to Lansing for the use and consumption of the "friends" of the cause. The exposure made an amount of talk in local political circles.

TWENTY-ONE MEN IN PERIL.

Crews of Three Tugs That Are Frozen in the Lake Off Grand Haven.

Grand Haven, Mich., Jan. 10.—The fishing tugs Anna, Augur and Bos are frozen in an ice field several miles out in the lake, and grave fears are entertained for the crew of seven men carried by each. There is only a few hours' fuel aboard the tugs and the only food the men have is the fish they may have taken.

Late last night the Anna was heard blowing distress signals, and it is feared she is sinking. Both the steamer Nyack and the ice-crushing tug Fields have tried in vain to get out to the tugs.

Preparing to Contest a Will.

Houghton, Mich., Jan. 10.—Harry S. Hodge, D. C. Rexford, Orla B. Taylor and E. E. Kane, of Detroit, are here taking testimony to be used in contesting the will of the late Mrs. Charles Hodge, of Detroit. Hodge senior cut off his son and namesake in his will, but the mother left her entire estate, valued at several hundred thousand dollars, to the disinherited one, Charles J. Hodge is owner of the Mammoth Foundry and Machine works here, which ships mining machinery over two hemispheres. He also owns several big gold, silver and copper mines in Idaho and Utah.

BOER GENERAL HAS HIS HORSE SHOT UNDER HIM.

THE ANIMAL ROLLS OVER ON HIM.

Injuries of the General Said To Be So Severe That He Will Be Unable to Take Further Active Part in the War—Further News of White's Victory Anxiously Awaited in London—Story of the Rout of the Highland Brigade.

London, Jan. 9.—Inquirers at the war office are informed that the list of British casualties at Ladysmith is not expected to arrive today and possibly may not be received tomorrow. A dispatch from Estcourt to the Glasgow Mail states positively that General

GENERAL BULLER.

Joubert has been seriously injured. His horse was shot under him and in falling the animal rolled over upon him, injuring him so severely that he will be unable to take further active part in the war.

Revolution in Boer Tactics.

Further news of General White's victory is anxiously awaited, as it is generally realized that there was little warrant for the exultation which followed the announcement of his repulse of the Boers. The remarkable revolution in Boer tactics has been another complete surprise to the British, who had not reckoned on the weakened garrison of Ladysmith being subjected to such a courageous assault and it is realized that General White's troops cannot be expected to greatly prolong such an arduous defense. In some quarters it is considered unaccountable that General Buller did not press his attempt to effect a passage of the Tugela river while the Boers were engaged northward, and the comment on his apparent supineness are nowise complimentary.

Boer Building a Railroad.

From the Boer headquarters it is reported that General Buller is constructing a subsidiary railroad from the main line to Colenso, westwardly. In the direction of Potgieter's Drift. Advice from the Modder river says the Boers continue to extend their works and it is estimated that 30,000 men are required to defend them. The prisoners captured by the Canadians and Queenslanders at Sunnyside are going to Cape Town for trial as rebels. The Canadians expressed intense indignation on learning that the prisoners were British subjects.

Praise for Colonial Troops.

The colonial troops continue to earn warm praise on all sides, the latest example of their effective work being recorded in the dispatch to the London Times, dated Jan. 6, from the Modder river, which said that the news from Belmont showed that the Canadians and Queenslanders had been so energetic in their campaign that the Boers had been compelled to desert a large belt of the Orange Free State territory across the border. Little change is apparent in the position at Colenso. General French reported to the war office Sunday morning, Jan. 7, that he had reconnoitered with a squadron of the Household Cavalry on the Boers' east flank, two miles from Achttertang, and drew a considerable force of the burghers, who, being anxious for their communications with Norval's Pont, withdrew.

Casualties of the Suffolk.

The casualties of the Suffolks near Colenso were: Killed—Colonel Watson and Lieutenants Wilkins, Carey and White, and twenty-three men. Missing—Captains Brett, Thomson and Brown and Lieutenants Rants, Allen, Wood-Martin and Butler and 107 men. Wounded—Twenty-one men. General French further reports that the casualties of the other regiments to Jan. 4 were twelve men killed and forty-four wounded. The queen has telegraphed her congratulations and thanks to General White and his troops of Ladysmith. A dispatch from Freer camp last Sunday night said all was quiet there, thus dispelling the widespread hopes that General Buller had followed up his demonstration before Colenso with an effective move elsewhere.

HOW HIGHLANDERS WERE ROUTED.

Famous Brigade Utterly Demoralized in Battle at Magersfontein.

London, Jan. 9.—The most appalling battle picture, from a British point of view, yet painted by a correspondent in the field comes by mail from J. B. Wingham, with Lord Methuen's column. It shows the collapse of the Highland brigade at Magersfontein. Describing the effect of the unexpected Boer fire when the brigade was just about deploying from quarter column, Mr. Wingham writes: "Some one shouted 'retire!' and the day was lost. The Highlanders broke and ran—there is no other word for it. In a few minutes the brigade had been decimated and the issue decided. They did not run far—only a few hundred yards—but when they rallied they were shaken and confused for hours. They lay flat on the ground between the British guns and the Boers' trenches. "At 2 o'clock the Boer rifle fire

greatly increased, simultaneously the brigade was seen in full retreat. Back they came in a water, no officer could stop it. It was perhaps the most unpleasant sight the British soldier has ever beheld; certainly a sight never to be forgotten. It is difficult to say what happened next, until Major Ewart rode up with an order from General Methuen, which was almost an entreaty, to the effect that all he asked of the brigade was to hold the position until dark. So rattled and shattered was the brigade that Ewart had actually no other officer to help him give the order to the scattered men. It was no small thing to ask of the Highlanders that they should again face the galling fire for five hours. "Still a very fair rally was effected. The pipers played somewhat dolefully, and the brigade at last got back to a spot where it had a certain amount of cover. There the men lay until Boer guns, till then absolutely silent, suddenly came into play. It wanted but this last straw to break the nerve of the rallying Highlanders. When the first shrapnel burst, what remained of the brigade, with one accord, came right back as far as the field hospital, hopelessly beaten for the day. They were not fit even to guard the baggage. The had lost fifty-seven officers, killed or wounded. Could human nature stand more?"

Delagoa Bay Seizures.

London, Jan. 9.—There is some reason to believe that the United States and German embassies are trying to find a common basis on which they can co-operate in pressing their respective demands against Great Britain for the Delagoa bay seizures. A high official of the German embassy had a long conference at the American embassy and the diplomats are believed to have discussed the steps each country has already taken and the best future procedure.

British Fire on Dutch Cruiser.

London, Jan. 9.—A special dispatch from Amsterdam says that an uncredited rumor is current there that a British cruiser has fired upon the Dutch cruiser Friesland, near Delagoa bay, and that a Dutch officer was killed.

EATEN BY SHARKS.

Forty-Six Chinamen and One White Man the Victims.

San Francisco, Jan. 9.—Details of the wreck of the big British tramp steamer Hupeh reached this city on the Japanese liner Hong Kong Maru. The story of the voyage of the Hupeh, after its departure from this city for Java and Hong Kong, is far more exciting and disastrous than was first reported in telegraph. Forty-six of her Chinese crew and one white man were drowned and the surviving officers, now at Manila, passed through a terrible experience. There is no doubt that the forty-six Chinamen were eaten by sharks. Their raft had been picked up by the search steamer that was sent out from Hong Kong.

Washington, Jan. 9.—The president has sent the following nominations to the senate: Postmasters—Michigan Harlow D. Wells, Ypsilanti; W. B. Warner, Pawpaw; George Preston, Grass Lake; Wisconsin—Theodore Riel, Burlington; Illinois—B. F. Shaw, Dixon; W. A. McKnight, Alexis; A. J. Beger, Nauvoo; H. J. Cheesman, Princeville; I. W. Fatal Fire in Pulitzer's Home.

New York, Jan. 9.—Fire gutted the home of Joseph Pulitzer, proprietor of the New York World at 10 and 12 East Fifty-Fifth street. There were no persons in the house at the time the fire started. Mrs. Pulitzer, her daughter, Constance and Edith, and a son, Herbert, 3 years old, Mrs. Pulitzer carried the boy out and she and other members of the family and servants found shelter near by. When the fire had been extinguished and firemen searched the ruined rooms they found the body of Miss Elizabeth Montgomery, the governess, and Mrs. Jellett, the housekeeper.

Spinal Disease Cured in Four Months

Richard D. Greedy, of 1062 Second Street, Appleton, Wisconsin, says:

"Our son Willard was abnormally helpless: his lower limbs were paralyzed, and when we used electricity he could not feel it below his hips. Finally my mother, who lives in Canada, wrote advising the use of Dr. Williams' Pink Pills for Pale People and I bought some. This was when our boy had been on the stretcher for an entire year and helpless for nine months. In six weeks after taking the pills we noted signs of vitality in his legs, and in four months he was able to go to school. It was nothing else in the world that saved the boy than Dr. Williams' Pink Pills for Pale People."—From the Crescent, Appleton, Wis.

SUTTON GIVES A BOND

Last of the Indicted Arraigned in Court and Held in \$10,000

PINGREE STANDS BY HIS FRIEND

Does Not Believe the Colonel Guilty of Any Wrong-Doing—Farmer Orders a Heroic Statue for Himself—Millions of Unexcused Property, It Is Claimed, in the State, Such as Credits, Notes and Mortgages—State Items.

Manson, Mich., Jan. 9.—Colonel Eli R. Sutton, of Detroit, member of the governor's military staff who was indicted Saturday, was arraigned yesterday and gave bonds of \$10,000. His indictment alleges four counts constituting a conspiracy to defraud. Sutton is charged with fraudulent and pretended sale and repurchase of state military clothing, and maliciously inciting, procuring and counselling the state quartermaster general to commit the alleged fraudulent sale and repurchase. Sutton's trial was set for the March term.

Trials Go Over to March.

None of the state officers indicted by the grand jury at Lansing will be tried at the present term of court for Ingham county. At the opening session of the term the cases of ex-Adjutant General Marsh, ex-Attorney General Maynard, and Assistant Quartermaster Smith were set for trial for the March term of court. The usual bonds for appearance for trial were resented and the bonds given upon the arraignments were continued. Judge Weist announced that objections and motions in all the grand jury cases will be heard at Lansing Feb. 6.

Pingree Believes in Sutton.

Detroit, Jan. 9.—Governor Pingree and most of Colonel E. R. Sutton's friends persist in the statement and belief that the colonel is innocent of participation in the profits of the military clothing deal, and will be so proven. "All there is against Sutton is rumor," said Governor Pingree. "I am his friend and will stick to him. A friend who will leave a man just because the people say things against him is no friend at all. I shall stick to Colonel Sutton until the charges are proven against him beyond a reasonable doubt, and this will never come to pass." Corporation Counsel Flowers and others also iterate the colonel's innocence.

ORDERED A HEROIC STATUE.

Sort of Monument a Gratiot County Farmer Has Ordered.

St. Johns, Mich., Jan. 9.—Probably one of the strangest orders ever received by a monument dealer in this or any other state was given to F. E. Murdock, of this city, recently by Elijah Elsworth, an old farmer living just north of Perrinton, in Gratiot county. The monument is to be an elaborate affair and is to be made from American granite. The contract price is \$1,700, and some fine work is promised. The peculiar feature of the order is that the image of the old gentleman, to be some ten feet high, is to be stationed on top of the monument.

The face will be cut as near life-like as possible and by the sculptor's art brought into its best play. In place of the ordinary clothing the figure will be covered with loose draperies cut in the stone. In one arm the figure will clasp a sheaf of wheat. Elsworth is now over 71 years of age, and a bachelor. He is a farmer and is said to be in good circumstances. He owns a cemetery lot and the monument to be erected will stand for one grave only, as there will be no relatives buried in the lot.
